Objective: to work as a successful member of a web design team.

Relevant Skills

- Proficiency with HTML, CSS, XML, JavaScript languages and FTP software.
- Skilled in color theory, two dimensional and color design, and in understanding fine art.
- Experienced in sound and visual creation, editing, and digital compression.

Graphic Design and Database Management Experience

• Hewlett Packard, Corvallis, Oregon 2011-present Member of a design team working on a Global account. Worked on asset management with DreamWorks, Disney, Warner Brothers and other content providers and design team members. Worked in the HP Digital Printing Oasis, fulfilling orders for HP employees and answering questions to HP employees about company products. Performed Lab testing of Kiosks, checking for product accuracy within the xml metadata. Worked with clients and managers concerning accurate product implementation and database hierarchy design. Worked with designers to ensure that quality of product was pixel perfect and up to industry standards. Worked in Photoshop and Illustration on designs and Illustrations to provide original assets to HP.

Web Design Experience

- **Entrepreneur** interactive media and music web site *PumpingBeat Web Productions* 2000 – present <http://www.pumpingbeat.com/>

Pumping Beat, a creative web site, has included varied writing, video, and audio of original content from this web author. It was transformed into an official freelance business in 2010. A new interactive project is currently in design stages.

- **Web master** of *Wild Dogs of New England* 2010-present <http://www.wilddogsne.com/>

This site features a beautiful header created with Illustrator and Photoshop and a jQuery navigation bar. The content was edited in house at *pumpingBeat*.

- **Redesign and ongoing maintenance** *StrawberryGenes*, University of New Hampshire 2010
<http://strawberrygenes.unh.edu/>

This site benefits from a catchy jQuery slideshow. There is a lot of detailed editing that has gone into the presentations on this science lab web site. The header was created in Photoshop CS4.

- **Design and maintenance** *MintWeb*, University of New Hampshire 2007-present
<http://mintweb.unh.edu/>

This site features a FLASH slide show for convenient presentation of scientific data.

Writing Experience

- **Wrote and Illustrated** *The Singing Drummer: add vocals to your beat*.
- **Wrote several fiction works** while studying with authors Dan Gleason and Steve Hickoff.
- **Wrote** several articles for *Find Schools Online*.

Volunteerism

- **Assistant Volunteer Coordinator** at Great Bay Coast Watch, Durham, NH, 2001.
- **Concert Production Manager/Lead percussionist** of *The Seacoast Wind Ensemble*, York, ME, 2003 and 2006. This included a 2006 concert for *Peace and the Presidency*.

Honors

- **Dean's List**, Granite State College, Concord, NH.
- **American Society of Composers Authors and Publishers PLUS** five time award winner.
- **The Vic Firth Education Team** lifetime member.
